DOG REGULATIONS

Tiliguerta Glamping & Camping Village
S.P. 97 km 6,00 – Capo Ferrato – 09043 Muravera

1. Animals may only enter with the Management's prior authorisation.

2. At check-in, dogs must be accompanied by an adult, be microchipped, have a health record or European pet passport showing that their vaccinations are up to date, and be covered by valid third-party liability insurance.

3. Female dogs in heat and dogs that are ill, aggressive or under three months old are not permitted on the premises.

4. The opening hours of the Tiliguerta Dog Beach and Dog Pool are displayed at the entrances to the facilities. Users must observe these opening hours and the related rules set out in these Regulations. After closing time, Tiliguerta does not guarantee supervision or security of the Dog Pool and Dog Beach, without prejudice to mandatory legal requirements.

5. Only dogs belonging to guests staying on the premises may use the Dog Pool. Day visitors, identifiable by their dedicated white wristbands, may not use this service.

6. Outside their accommodation (mobile home, bungalow or pitch), the Dog Pool and the Dog Beach, dogs must always be kept on a lead. Dogs prone to biting or displaying aggressive behaviour must also wear a muzzle. Management and its representatives reserve the right to require a dog to be kept on a lead even in areas where it may otherwise roam free. Management may withdraw access from owners whose animal, because of its temperament, character or dangerousness, disturbs the peace of the Dog Beach, Dog Pool or other shared areas, or endangers public safety.

7. Management provides the dog's owner with two biodegradable waste bags free of charge each day.

8. Dogs must be taken outside the premises to relieve themselves. Their waste must be removed immediately using a suitable bag and scoop.

9. Animals may be taken into all public establishments, except the shared toilet facilities and the guests' swimming pool, where animals are always prohibited.

10. Dogs must never be showered inside the guest's accommodation, in the shared toilet facilities or at the showers near the beach access gates. The Dog Beach has a dedicated shower for rinsing salt from dogs' coats, while a tub is available to guests in the Dog Pool area for washing dogs with suitable products. Both services are free. To allow all dog owners to use the tub, washing must not exceed 30 minutes and cleaning products must be specifically designed for dogs. Soaps, shampoos and similar products may not be used outside the dedicated tub, especially near the beach.

11. Equipment hired or provided free of charge at the Dog Beach and Dog Pool must be used with care. Owners must not allow their animals to lie on sun loungers. Any damage, stains and/or breakages to equipment will be charged to the dog's owner.

12. For safety reasons, dog owners must ensure that their animals do not enter another guest's pitch or accommodation.

13. Noisy dogs that growl or bark for a prolonged period will not be allowed to remain at the campsite.

14. The dog's owner or custodian is always responsible for the animal's welfare, control and handling and is liable, civilly and criminally within the limits of the law, for damage or injury caused by the animal to people, animals and property, including accommodation gardens and shared public green areas. Management reserves the right to seek compensation for such damage from the dog's owner or keeper.

15. A limited number of animals is permitted: a maximum of two animals per unit. A third dog may be admitted on request, subject to prior authorisation by Management.

16. Animals must never be left alone inside accommodation, even for a short time. Dogs must never be left unattended and must be supervised at all times. While swimming or when leaving the Dog Beach or Dog Pool, the owner must ensure that another person is present to supervise the dog.

17. Dog welfare accessories, including towels and bathrobes, collars and leads, toys, snacks, and top-brand dry and wet food, are available for sale on the premises.

18. At the Dog Beach, Dog Pool and in all shared areas, it is forbidden to leave any kind of waste on the ground or bring in motor vehicles and/or bicycles.

19. Dogs considered dangerous or reported as such by the competent authorities may, at Management's discretion, be removed from the Camping Village.

20. Management reserves the right to expel without notice anyone who fails to comply with these Internal Dog Regulations.
